

# BREATH ALCOHOL TESTING OFFICER TRAINING COURSE

You will learn the theory and practical elements related to workplace breath alcohol testing and the related record-keeping requirements of performing this duty. We are able to customise the training course to suit the particular breathalyser(s) used by your company and your related policies and procedures.

A Certificate of Attendance is issued upon successful completion.

Three options are available to complete this training:

1

## Option 1. : Online Training

\$ 145.00 Excl. GST

This training course is delivered fully online.

2

## Option 2. : Blended Training

\$ 195.00 Excl. GST

This option includes the online training and is supported by a webinar practical assessment.

Once the online training has been completed, you will need to book an appointment to complete a one-on-one webinar session with one of our trainers. At this session we will be reviewing the theory component and you will have the opportunity to clarify any areas of interest or concern.

3

## Option 3. : Face-To-Face Training

\$ 220.00 Excl. GST

This training course is delivered fully face-to-face onsite in the workplace\*.

\* Training billed at a minimum number of attendees per session.  
Travel expenses (if required) are passed on at cost.
